The liquor men still smiled, but the smiles were forced and stagy. When enough friends had got in their fine work, the liquor men weakened. They concluded that it wouldn't do to have Prohibitionists pointing out their beautiful sign as a horrible warning in the shape of a brazen serpent bearing aloft a double cask of liquid fire.

Sorrowfully they contemplated the sign-maker's receipted bill and sadly they made up their minds that the beautiful and cunningly-fashioned device must come down. Five brawny workmen tackled it Saturday afternoon. With painful toil they got it apart, lowered the double barrel to the sidewalk and gently, but firmly, hauled down the spiral serpent. Nothing is left now but the cylindrical base still standing sadly on its head, a solemn warning unto all and sundry to consider well their signs before making them.

"Tom" Gould, who was arrested last night by Capt. Reilly, of the West Thirtieth street police station on a charge of violating the excise law at his old stand, attracted much attention this morning when he was arraigned in the Jefferson Market Police Court. His appearance there in the character of a prisoner caused surprise, as it was thought that he had gone out of the dive business in this city at any rate.

Gould's old dive in Thirty.first street is

Gould's old dive in Thirty.first street is now run as a chop house. It has no license. The police heard recently that liquor was being sold on the sly and made arrangements to get evidence of the fact. Late last night Policeman O'Neil strolled into the place in citizen's clothes. To further conceal his mission he was accompanied by two young women. Maurice Grant, a colored waiter, sold him a glass of whiskey without hesitation. Then Capt. Reilly made his appearance, accompanied by one of his detectives, and arrested Grant and Gould.

Gould was astonished when he found himself a prisoner. Before the place was closed he used to say that he had no interest in it except as manager on a salary. Last night he did better than this, and protested that he had no connection whatever with the concern, and had only dropped in there to get a bite. Notwithstanding this, he would have been locked up had he not been able to furnish bail.

He repeated his story to Justice Ford in court this morning. He said he was not the proprietor of the place and was about leaving when Capt. Reilly arrested him.

Justice Ford discharged Gould and held Grant, the waiter, for trial.

future, is apparently contradicted by the poputarity of evening papers in New York. That city has eight, the latest, brightest and best of which IS THE EVENING WORLD. From the Palatha (Fla.) News.]

The New York EVENING WORLD has a strong resemblance to the morning issue, and, like it, is exceedingly interesting. THE EVENING WORLS contains some features not to be found in the orning edition. In fact, it is amusing as well as instructive, frisky and entertaining. It also has a feuilleton. Illuminated initials make it very attractive in appearance.
[From the Jackson (In.) Sentinel.]

The New York WORLD began the publication of an evening edition Monday, Oct. 10, and, like the morning issue, THE EVENING WORLD is proving a marvellous success from the very start. One hundred and fourteen thousand copies were printed and sold the first day. Mr. Pulitzer, the head of the institution, is a journalistic general, who, with an experienced staff of majors, is astonishing all nations with his enterprise.

[From the Toledo American] Perhaps there has never been a greater start n journalism than that of the New York Evening WORLD, the initial number of which was issued on Monday evening. Hitherto the evening papers of New York City have been little known and of litoreer, when escaping inrough a window, was con-and ourns so badly than he jay unconscious. When he recovered he rushed to the window of his mother's room and tried to open it and free her, but was so weak that he was unable to remove the sash and he saw his mother and little sinter strug-ging to put the fames out, but in vain, and they were cremated before his eyes. tle account. Several rather prominent failures, and those not far back in years, are distinctly recoffected as having taken place in the evening news-paper field in New York. This will not occur with the EVENING WORLD. It started up with an issue of over 100,000, which it proposes to keep and add to. It is full of vim, crisp and clean out, and while the staff is entirely distinct from that of the morning World, the head and general direction is the same. The Evenine World has every ele-ment of success in fiself, and that success seems to be assured from the outset. It will be a wel-come visitor. The price is one cent per copy.

EVENTS AT THE THEATRES.

AN OLD PLAY REVIVED AND A NEW ONE BROUGHT OUT LAST EVENING.

Mr. Abbey's Company Gives a Fine Performance of "Caste" at Wallack's"Rudolph" a Play in Which Mr. and
Mrs. George S. Knight can Act, as Well as

OE the shortcomings of "The Mouse-Trap," atonement was made last ovening by 'Caste" at Wallack's with Mr. Abbey's perfect company. The showed the public what artists could do, Robertson's play may be called as old as the hills, but everybody knows that at times people seek the hills for their beauty, for the charm that they

are perfectly sure to find there. Miss Rose Coghlan was Esther Eccles, and won the chief honors of the evening. Miss Coghlan's starring tour and perhaps the effect of "one-night stands" have subdued that emotional gurgle which was her only fault some time ago. Her Esther Eccles was a delightful performance. Mrs. Abbey was Polly Eccles, and the rôle suited her far better than did that of the toxicological Beatrice in "The Mouse-Trap." T. W. Robertson, son of the author, was a very acceptable Sam Gorridge, Mrs. Ponisi a dignified Marquise, Mr. Groves a very fair Old Eccles and Mr. Tearle a manly George. "Casta" was exquisitely staged. The last act might be advantageously curtailed. perhaps the effect of "one-night stands"

"Caste" was exquisitely staged. The last act might be advantageously curtailed.

Mr. and Mrs. George S. Knight did a very sensible thing when they elected to make their "specialties" subservient to a bonadide play, instead of giving them absurd prominence in such idiotic a pretext as "Over the Garden Wall" or another of those pleasing little comedies without rhyme or reason. "Rudolph," by Bronson Howard and David Belasco, was given at the Fourteenth Street Theatre last night by an excellent company and made a hit. The play has all the elements of popularity, and if there be too much of it people will forgive Mr. Howard. Rudolph is one of those German barons who have been popular in novels for sundry centuries. He is a drunkard and his wife with her child deserts him during one of his inebriated spells, to make a living for herself. She waits two years, obtains a divorce and marries Rudolph's enemy, Whitworth Lawrence. Rudolph degenerates into a tramp and finds himself one fine day before the house where his ex-wife lives. It is here that Mr. Knight has opportunities for some really good soting, and he makes the most of them. His song, to which Mrs. Knight, Charles Bowser and M. A. Kennedy danced, was excellent, and the audience could not get enough of it. Miss Jane Stuart, as Rudolph's daughter, was particularly happy. Her interpretation of the naive Ernestine was admirable, Mrs. Knight had an "airy nothing" of a rôle, which all her efforts could not make into some-thing. Festive widows have become as conventionally theatrical as the curtain, the drop seene and the footlights, though they are by no means as necessary as those articles. Mr. A. Kennedy was amusing as Judge Merrybone and Charles Bowser pleasantly stiff as Gen. Benjamin Metcalfe. Miss Carrie Turner as Rudolph's wife was nicely lachrymose. The most interesting feature of the entertainment to many ladies was undoubtedly the "real live baby" in the first act. Every one supposed that in the oradle was one of those effective rag affairs that can be toss

The amusing travesties of the theatrical events of the day were continued last night at Dockstader's. The latest feature there is "The Coarse Hair; or the Northerland Sisters." This is meant for "Conrad the Corsair" (Mr. Dockstader will pardon the explanation), and it was fully as consistent as the original. Another novelty was "The Arabian Knights; or, Fun in the Old Homestead," and though the title was all that supported the Standard Theatre burleague, people enjoyed it. Dockstadar, like the old people enjoyed it. Dockstader, like the old court jester, has a license to do and a he pleases, and whatever he does pleases people. Happy Dockstader!

Charles Dickens will make his American debut as the reader of his father's famous works to-night at Chickering Hall. Mr. Dickens's selections have been made with a view to affording the best example of the great novelist's versatility in the treatment of both pathos and humor.

Footlight News. Edwin Arden and Miss Agnes Arden gladdened the hearts of east-siders at the Third Avenue The-aire last night in " Eagle's Nest."

Thatcher, Primrose & West's Minstrels were at the Grand Opera-House last night, and received a hearty welcome. The melodies were attractive and the jokes passably fresh. "Ten Nights in a Barroom" pointed a moral and adorned Poole's Theatre last night. E. W. Marston, George Maddox, Miss Edith Florence and Miss Mamie Johnson were in the cast.

Signorina Tua gave her fifth concert at Chickening Hall last night. Her rendering of Vieuxiemp's "Ballade et Polonaine" was the best thing shad did. She played with her usual brilliancy and expression and her equally usual want of depth. An exhibition of flowers, under the management of Adolph Le Mouit, will be given at the Eden Musée for one week, beginning Oct. M. The flowers will be artistically arranged and the dec-orations elaborate. Mrs. S. Van Rensselaer Cru-ger, Mrs. Egbert Guernsey C. Schwarzwaelder and H. W. McVicker are on the Committee of Af-
